

Your Coarse Hair Personalized Hair Routine Guide

"Intensive moisture to soften and strengthen"

Coarse hair has the widest strand diameter of all hair types, making it strong but also prone to dryness, roughness, and difficulty absorbing moisture. The cuticle layer is thicker, which means products need to be richer and applied with more time to penetrate. This routine focuses on deep hydration, softening, and reducing breakage.

Your Step-by-Step Routine

Step 1: Shampoo (every 3–4 days)

Use a moisturising, sulfate-free shampoo. Coarse hair doesn't need frequent washing. Focus on the scalp and let the suds rinse through the lengths.

Step 2: Deep Conditioner (every wash)

Apply a thick, protein-rich deep conditioner from roots to ends. Use a shower cap and warm towel for 20–30 minutes. The heat helps open the cuticle and allows moisture to penetrate.

Step 3: Leave-in Conditioner

Apply generously on damp hair. Coarse hair needs more product than other types — don't be afraid to use a generous amount.

Step 4: Sealing Oil

After leave-in, apply a heavy oil (castor, avocado, or olive oil) to seal in moisture. Focus on ends, which are the oldest and driest part.

Step 5: Protective Styling

Braids, twists, or buns protect coarse hair from environmental damage and reduce manipulation. Aim for 2–3 protective style days per week.

Do's & Don'ts

✓ Deep condition every single wash — non-negotiable

✓ Use heavy oils (castor, avocado) to seal in moisture

✓ Detangle in sections with a wide-tooth comb

✗ Don't use lightweight products — they won't penetrate

✗ Don't skip the deep conditioning step

✗ Don't use heat without a heat protectant

- ✓ Use protective styles to minimise daily manipulation
- ✓ Trim every 8–10 weeks to remove dry, split ends

- ✗ Don't detangle dry — always on damp, conditioned hair
- ✗ Don't use fine-tooth combs or paddle brushes on dry hair

Ingredients to Look For & Avoid

Look For

- ✓ Castor oil
- ✓ Avocado oil
- ✓ Shea butter
- ✓ Hydrolysed keratin
- ✓ Ceramides

Avoid

- ✗ Alcohol denat
- ✗ Sulfates daily
- ✗ Lightweight silicones only
- ✗ Clarifying agents frequently
