

Your Fine Hair

Personalized Hair Routine Guide

"Lightweight love — volume without weight"

Fine hair has a smaller diameter per strand, which means it can easily become weighed down, greasy, or limp. The key to beautiful fine hair is choosing lightweight formulas that cleanse thoroughly, add body, and protect without coating the strand. This guide gives you a complete morning-to-night routine built specifically for your hair type.

Your Step-by-Step Routine

Step 1: Shampoo (every 1–2 days)

Use a volumising or clarifying shampoo. Focus on the scalp and roots — fine hair accumulates product buildup quickly. Avoid heavy, creamy formulas that will flatten your hair.

Step 2: Conditioner (every wash)

Apply a lightweight conditioner to mid-lengths and ends only — never the roots. Leave on for 1–2 minutes, then rinse thoroughly. Look for ingredients like hydrolysed wheat protein or panthenol.

Step 3: Leave-in Treatment (optional, 2–3×/week)

A few drops of a lightweight leave-in spray or serum on damp hair adds protection without weight. Avoid oils or heavy creams.

Step 4: Styling

Apply a volumising mousse or root-lifting spray to damp hair before blow-drying. Flip your head upside down while drying for maximum lift. Use a round brush at the roots.

Step 5: Weekly Deep Treatment

Use a protein mask or strengthening treatment once a week to reinforce fine strands. Avoid heavy moisture masks — they will weigh hair down.

Do's & Don'ts

- | | |
|--|---|
| ✓ Wash every 1–2 days to prevent buildup | ✗ Don't apply conditioner to your roots |
| ✓ Use volumising shampoo and lightweight conditioner | ✗ Don't use heavy oils or butters |
| ✓ Blow-dry with a round brush for lift | ✗ Don't skip heat protectant before styling |

✓ Apply dry shampoo at roots between washes

✓ Trim every 6–8 weeks to prevent breakage

✗ Don't over-brush — it causes static and breakage

✗ Don't use heavy styling creams or pomades

Ingredients to Look For & Avoid

Look For

✓ Hydrolysed wheat protein

✓ Panthenol (Vitamin B5)

✓ Biotin

✓ Niacinamide

✓ Lightweight silicones (cyclomethicone)

Avoid

✗ Coconut oil (heavy)

✗ Shea butter

✗ Castor oil

✗ Petrolatum

✗ Heavy waxes
