

Your Thick Hair

Personalized Hair Routine Guide

"Tame and smooth with rich, moisturising formulas"

Thick hair has a larger strand diameter and more strands per square inch, giving it natural body and resilience. The challenge is managing frizz, dryness, and drying time. This routine focuses on deep hydration, smoothing, and protecting your hair's natural strength.

Your Step-by-Step Routine

Step 1: Shampoo (every 2–3 days)

Use a moisturising or smoothing shampoo. Thick hair can go longer between washes. Massage the scalp thoroughly to ensure full cleansing.

Step 2: Conditioner (every wash)

Use a rich, creamy conditioner from roots to ends. Leave on for 3–5 minutes or use a shower cap for deeper penetration. Rinse with cool water to seal the cuticle.

Step 3: Deep Conditioning Mask (1–2×/week)

Apply a deep conditioning mask after shampooing. Cover with a shower cap and leave for 10–20 minutes. This is the most important step for thick hair.

Step 4: Styling

Apply an anti-frizz serum or smoothing cream on damp hair. Use a high-powered blow dryer with a concentrator nozzle. Finish with a light oil to seal and add shine.

Step 5: Overnight Treatment (monthly)

Apply a nourishing hair oil from roots to ends before bed. Cover with a silk cap. Shampoo out in the morning for deeply conditioned hair.

Do's & Don'ts

✓ Use rich, moisturising conditioners and masks

✓ Invest in a high-powered blow dryer to reduce drying time

✓ Apply anti-frizz serum on damp hair before drying

✗ Don't skip deep conditioning — thick hair needs it

✗ Don't use low-powered dryers (increases heat exposure time)

✗ Don't brush when dry — always detangle when damp

- ✓ Use a wide-tooth comb to detangle — never a fine-tooth comb
- ✓ Sleep on a silk pillowcase to reduce friction

- ✗ Don't use clarifying shampoo more than once a month
- ✗ Don't skip heat protectant — thick hair is more heat-absorbent

Ingredients to Look For & Avoid

Look For

- ✓ Shea butter
- ✓ Argan oil
- ✓ Glycerin
- ✓ Cetyl alcohol
- ✓ Hydrolysed keratin

Avoid

- ✗ Alcohol denat (drying)
- ✗ Sulfates (SLS/SLES) daily
- ✗ Lightweight silicones only
- ✗ Clarifying agents daily
